About the Collection

Introducing 'The Botanicals'; a collection of decorative panels by Siminetti. Celebrating the natural world, the collection is inspired by the distinctive patterns and graceful forms found in botany and plant life.
The designs bring the essence of lush gardens, enchanting flowers, and graceful vines into your space, infusing projects with the serenity and elegance of nature.

Siminetti's signature Mother of Pearl adorns the panels, with dimensional tones of gold and silver reflecting from every angle. All panels feature an aluminium honeycomb backing, ensuring strength and making them uniquely waterproof, creating surfaces that are ideal for a variety of interior or exterior projects.

Royal Palm

Inspired by exotic climates and the natural beauty of Palm leaves, this stunning decorative panel captures the essence of a tropical paradise and infuses it into any interior. Bring the spirit of the tropics into your projects with 'Royal Palm'.

Alpine

Introducing 'Alpine,' an ode to the beauty of Alpine plants and the serene landscapes they inhabit. Inspired by the delicate charm of mountain flora, this decorative panel effortlessly captures the essence of nature's high-altitude wonders and transforms any space.

Jasmine

Embrace the essence of a blooming garden with Siminetti's 'Jasmine.' Let its captivating elegance transport you to a world of botanical splendour and infuse your interior spaces with the poetic charm of nature's blooms.

Clematis

Like the enduring allure of Clematis plants, the 'Clematis' panel exudes timeless beauty. Its delicate and graceful design ensures it remains a cherished symbol of nature's elegance in your decor, standing the test of time with grace and poise.
